

Filter Papers for Technical Use, Whatman Schleicher & Schuell

Filter papers for technical use, type 114 (sheets)

A smooth surfaced paper with high wet strength for simple particle retention. Suitable for the separation of coarse particles or precipitates.

Type	Dimensions mm	Order No.	PU pc/Pack
Sheet 114	580 × 580	25 02 14930	500

❗ Available only in original packaging units. No fractions possible.

Filter papers for technical use, type 520 a ½ (folded/sheets)

- high wet strength
- thin filter paper
- for viscous solutions and emulsions such as agar-agar, alginate, anthracene, ethereal oils, Canada balsam, collodium, gelatine, acacia gum, hair lotion, resin solutions, lacquers, thick-bodied juices, syrups, spirits with added sugar

Property:	very fast
Retention range:	15 to 18 µm
Weight:	90 g/m ²
Thickness:	0.32 mm

Type	Dimensions mm	Order No.	PU pc/Pack
Folded filter 520 a ½	Ø 500	25 02 31456	100
Folded filter 520 a ½	Ø 700	25 02 31459	100
Sheet 520 a	580 × 580	25 02 10009	250

❗ Available only in original packaging units. No fractions possible.

Filter papers for technical use, type 113 V (folded/sheets)

A very fast and thick paper with high wet strength and folded surface (prepleated). Suitable for the separation of coarse particles or gelatinous precipitates.

Type	Dimensions mm	Order No.	PU pc/Pack
Folded filter 113 V	Ø 150	25 02 13150	50
Folded filter 113 V	Ø 185	25 02 13185	50
Folded filter 113 V	Ø 240	25 02 13240	50
Folded filter 113 V	Ø 320	25 02 13320	50
Folded filter 113 V	Ø 500	25 02 13500	50
Sheet 113	580 × 580	25 02 13930	250

❗ Available only in original packaging units. No fractions possible.

Filter papers for technical use, type 598 (round/folded/sheets)

- thick

Property:	medium-fast
Retention range:	8 to 10 µm
Weight:	140 g/m ²
Thickness:	0.32 mm

Type	Dimensions mm	Order No.	PU pc/Pack
Round filter 598	Ø 90	25 02 04802	100
Sheet 598	580 × 580	25 02 10021	250
Folded filter 598 ½	Ø 125	25 02 06704	50
Folded filter 598 ½	Ø 185	25 02 06706	50
Folded filter 598 ½	Ø 240	25 02 06707	50
Folded filter 598 ½	Ø 500	25 02 06712	50

❗ Available only in original packaging units. No fractions possible.
