

Portable Multiparameter Meters, METTLER TOLEDO

① Portable pH/ion/conductivity meter SevenGo Duo pro™ – SG78

- 2-channel meter for measuring pH, mV, rel. mV, ion concentration, conductivity, TDS (total dissolved solids), salinity, and specific resistance
- Intelligent sensor management (ISM®)
- Full GxP support for easy, safe operation
- 5-points pH calibration with a selection of 7 predefined and one user-defined buffer record
- Data memory for 500 GLP data records with date/time of day, sensor ID and SN, user and sample ID
- Wireless IR communication
- Large backlit graphic display

Article	Order No.
SG78-B	10 50 02620
Meter	
SG78-ELK	10 50 02621
Electrode kit with InLab® Expert Pro-IS and InLab® 738-ISM (both IP67, 1.8 m cable)	
SG78-FK2	10 50 02622
Field kit with InLab® Expert Pro-ISM and InLab® 738-ISM (both IP67, 1.8 m cable)	
SG78-FK5	10 50 02623
Field kit with InLab® Expert Pro-ISM and InLab® 738-ISM (both IP67, 5 m cable)	
SG78-USP/EP	10 50 02625
Like SG78-ELK, but with electrodes InLab® PurePro-ISM, 2 m ISM cable and InLab® 742-ISM	

② Portable pH/conductivity meter SevenGo Duo™ – SG23

- 2-channel meter for measuring pH, mV, conductivity, TDS, salinity, and specific resistance
- Intelligent sensor management (ISM®) for easy and safe operation
- Water- and dust-proof (IP67)
- Data memory for 99 GLP data records

Article	Order No.
SG23-B	10 50 02600
Meter	
SG23-ELK	10 50 02601
Electrode kit with InLab® Expert Pro-ISM and InLab® 738-ISM, 1.8 m cable	
SG23-FK2	10 50 02602
Field kit with InLab® Expert Pro-ISM and InLab® 738-ISM, 1.8 m cable	
SG23-FK5	10 50 02603
Field kit with InLab® Expert Pro-ISM and InLab® 738-ISM, 5 m cable	

More sensors see page XXX.
