

Water Baths, Gestigkeit

Water bath W 16

For temperatures up to 110°C. The high-grade, stainless steel bath is built securely into a special steel housing.

the temperature is controlled by a thermostat with an accuracy of ± 1.5 K and better.

A go-dry protection system prevents overheating when there is not enough water in the bath. Additional protection is provided by temperature fuse. the low laying ring-set enables the condensed water to drip back into the bath.

Technical data:

Internal dimensions: 160 mm dia. $\times$ 100 mm
Temperature selection: 30 to 110 °C
Rating: 1000 Watt
Voltage: 230 V
External dimensions (W $\times$ D $\times$ H): 220 $\times$ 220 $\times$ 160 mm
Weight: 3 kg
